Reporting to the Maintenance Supervisor, the incumbent is responsible for maintaining a clean, organized and functional world-class manufacturing facility. The incumbent will carry out basic maintenance and general repairs on building and equipment as directed by the Maintenance Supervisor.

PRIMARY RESPONSIBILITIES:

- Perform general labor to support Maintenance and Operations as required
- Shop floor organization and cleanliness, building maintenance
- Clean, lubricate and perform routine maintenance work such as coolant changes on machines
- Fix and replace items as required in the office and amenity areas
- Assist Millwrights as appropriate
- Following all safety precautions
- Other duties as required

DESIRED EXPERIENCE / QUALIFICATIONS:

- Mechanically/technically minded with an aptitude for repairs
- Proficient in the use of hand, power, and measuring tools
- Energetic, hands on with the ability to perform physical labor on an on-going basis
- Hard working, reliable, with a great attitude and a willingness to learn
- Fork lift license preferred
- Man lift license an asset
- Safety conscious

OTHER PREFERRED SKILLS:

- Good verbal and written communication skills
- Self-motivated, adaptable, self-starter who can work well both independently and as part of a team
- Detail oriented and hands on
