

For more than 45 years, CGL Manufacturing has been a supplier of choice for OEM customers in the Material Handling, Rail, Construction, Forestry, Agriculture, Mining and Defense industries. With operations in both Canada and China, our focus is safety, quality, delivery, cost and the environment. Our mission of good parts on time along with strong customer relationships and company performance will continue our history of growth.

JOB DESCRIPTION: Welder

REPORTING TO: Fab Shop Supervisor

POSITION SUMMARY: At CGL we fabricate a wide range of complicated parts for our non-automotive customers which require your expertise. From robotic welding to Mig and Tig welding, from brand new welders to experienced fitters we are looking to build our team of highly skilled welders.

PRIMARY RESPONSIBILITIES: The primary responsibilities of this position are to operate equipment in a safe manner to produce quality parts that meet or exceed the customers' requirement.

- Read, interpret and follow work orders, process specifications, engineered drawings and blueprints
- Operate equipment according to established procedures including CWB (testing provided).
- Set up and operate heavy duty metal working machines including torches, drills, dye grinders, hammers, levels, and overhead cranes to rig, hoist and move materials within worksite
- Inspecting parts using micrometers, calipers, verniers and functional gages to identify and isolate parts which do not conform to specification.
- Bar coding to record production.
- Communicating critical information to supervisor and oncoming shifts including quality concerns, tooling issues, maintenance concerns and production requirements.
- Support, communicate and implement Lean Manufacturing principles into all areas of responsibility.
- Other duties as required.

DESIRED EXPERIENCE/ QUALIFICATIONS:

- Completion of secondary school or equivalent
- CWB certified in GMAW horizontal position (testing provided).
- Demonstrated knowledge of welding equipment (including light cranes), and its application.

OTHER PREFERRED SKILLS:

- Incumbent must be safety conscious, as well as dedicated and reliable.
- Ability to work in a fast-paced environment, juggling multiple tasks and projects.
- Self-motivated, adaptable, self-starter who can work well both independently and as part of a team.
- Keen attention to detail with an emphasis on accuracy and presentation
- Excellent interpersonal skills and the ability to solicit support as needed
- Good verbal and written communication skills
- Excellent organization and time management skills.
